Don’t Idle!

$250 fine for first offense
Be Idle Aware
Here are some idling facts:

- Idling for more than 3 minutes is **illegal** in NJ. Any police officer can write a ticket.

- Idling for more than 10 seconds **wastes more gas** (and your money!) than re-starting. Idling for 2 minutes is equal to 1 mile of driving—just “fuel-ish”!

- Today’s fuel-injected cars don’t need to be “warmed-up” even when it’s cold outside. They do so most efficiently when on the move.

- Idling is rough on your car. It can cause a buildup of fuel residues that can damage your engine and increase fuel consumption.

- Idling can make you sick! It creates dangerous air pollutants that cause asthma, allergies, heart & lung disease, and cancer.

Spread the word to curb unnecessary idling!
